Beehives are some of the worlds most highly developed domiciles, and for good reason bees themselves are complex, too. This text goes inside beehives to unlock the world of bees, exploring topics such as how they build hives, how they live and their organized social order. The science-focused text also covers the important role bees play in ecosystems and what we can do to help them survive. Colorful photos, diagrams, and fact boxes support learning and encourage readers to visualize fundamental concepts in biology.
