Emerging from the Dark Age Ahead: The Future of the North American Church Charles Fensham

In this fascinating presentation of faith, Charles Fensham argues cogently and passionately for a church that embraces hope in spite of the dark and destructive pressures all around it. Although a metaphoric dark time awaits Christianity, Fensham assures his readers that this darkness merely conceals the light for the future. *Emerging from the Dark Age Ahead* offers a prophetic and challenging call for contemporary Christians to ask where we have come from, where we are, and where we are going.

"Professor Fensham borrows from Jane Jacobs the metaphor of 'the Dark Age ahead,' bringing social and cultural analysis to bear upon a fresh theology of church and mission for our time and place. Drawing from deep roots in the trinitarian tradition, and borrowing insight from historic monasticism, he calls for a pilgrim, steward church that will speak and act constructively in the coming time of troubles. This is a creative, original work that will stimulate theological students and lay folk as well."-Harold Wells, Professor Emeritus, Emmanuel College, University of Toronto

"Insightful, provocative, instructive-words that describe how this book helps the church navigate the deep cultural challenge it now faces of massive technique organized through digitalization. Grounding the church's life in a missional hermeneutic of reading Scripture and the church's identity in the social Trinity, Fensham boldly, yet carefully, charts a course for engaging the dark age ahead."- Craig Van Gelder, Ph.D., Professor of Congregational Mission, Luther Seminary

Charles Fensham has a unique perspective on the emergent church. Born in apartheid South Africa and raised within the apartheid-tainted Reformed church, he is an immigrant to Canada with experiences of the church in France, Switzerland, the South Pacific and Africa. He teaches at Knox College at the University of Toronto.
