Manners, Customs, and Dress during the Middle Ages and during the Renaissance Period

Paul Lacroix

Manners, Customs, and Dress during the Middle Ages and during the Renaissance Period Paul Lacroix

First published in 1876, *Manners, Customs, and Dress during the Middle Ages and during the Renaissance Period* offers a fascinating glimpse into the art and lifestyles of the people of the Middle Ages and Renaissance era. Complete with hundreds of illustrations from wooden engravings and more than a dozen replications of beautifully intricate chromolithographic prints, this resurrected classic is rich with history and retains its ancient appeal.

As articulated in the Preface: “Art must be the faithful expression of a society, since it represents it by its works as it has created them . . . But it must be acknowledged that art is only the consequence of the ideas which it expresses; it is the fruit of civilization, not its origin.” This exploration of a cultural movement and the arts and behaviors of its people extends through chapters on the condition of persons and lands; privileges and rights; food and cookery; games and pastimes; commerce; taxes, money, and finance; secret tribunals; punishments; costumes; and more. Within these pages, experience the social and artistic revolution born through the Renaissance and told by a renowned historian of the period.
