Digital Photography Simplified Rob Sheppard

Go from digital photography set up to print out with this easy-to-understand visual resource

Digital photography makes taking pictures easier, but learning the tools to develop and manipulate those pictures can be a bit overwhelming. This full-color guide demystifies the latest digital camera models and their features and inspires you to be more creative with your camera and in your image editing.

Packed with completely new photos, this updated edition offers two-page tutorials and step-by-step instructions for taking better pictures, understanding composition and lighting, avoiding over or under exposure, editing and organizing photos, and making simple changes that can result in beautiful photos. Updated coverage addresses the newest video capabilities and guides you through effectively using common digital imaging software. Plus, straightforward instruction and large font and image sizes make this book an ideal resource for both mature audiences and novice photographers.

- Offers easy-to-understand, practical instruction for setting up your camera—whether it's a compact or digital SLR—and learning its program modes
- Encourages you to experiment with lenses and focal length, download and organize your images, and fine-tune your photos with Photoshop Elements
- Explains good composition and exposure, tools and equipment choices, basic exposure, flash settings, and more
- Features full-color screen shots that demonstrate each task and stunning photos that inspire

This easy-to-understand book provides you with invaluable advice and simplifies the world of digital photography so you can get the best shot possible, simply.

From reader reviews:

Clemencia Torres:

As people who live in the actual modest era should be change about what going on or information even knowledge to make these keep up with the era which is always change and move ahead. Some of you maybe will probably update themselves by reading books. It is a good choice for you personally but the problems coming to anyone is you don't know which you should start with. This Digital Photography Simplified is our recommendation to cause you to keep up with the world. Why, because this book serves what you want and want in this era.

Pat Swartz:

Nowadays reading books be a little more than want or need but also become a life style. This reading habit give you lot of advantages. The advantages you got of course the knowledge even the information inside the book in which improve your knowledge and information. The info you get based on what kind of e-book you read, if you want send more knowledge just go with education books but if you want feel happy read one with theme for entertaining for instance comic or novel. Typically the Digital Photography Simplified is kind of book which is giving the reader capricious experience.

Maria Swensen:

Playing with family in a park, coming to see the ocean world or hanging out with good friends is thing that usually you may have done when you have spare time, subsequently why you don't try matter that really opposite from that. One particular activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Digital Photography Simplified, you can enjoy both. It is excellent combination right, you still need to miss it? What kind of hang-out type is it? Oh seriously its mind hangout fellas. What? Still don't buy it, oh come on its identified as reading friends.

John Harrison:

Reading a publication make you to get more knowledge from this. You can take knowledge and information from the book. Book is published or printed or highlighted from each source which filled update of news. In this modern era like today, many ways to get information are available for anyone. From media social like newspaper, magazines, science book, encyclopedia, reference book, book and comic. You can add your understanding by that book. Are you hip to spend your spare time to spread out your book? Or just in search of the Digital Photography Simplified when you required it?
