This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1901 edition. Excerpt: ...island. Several elk, deer and buffalo are kept here, both for their own absolute safety, and in order that the boat company may be able to guarantee its passengers a view of wild game in its natural state. Far across the lake we could see the uncouth features of the Old Man of the Mountains--a distinct human profile outlined in relief by the peaks of two different ranges, which are separated by a valley nearly ten miles in width. The illusion that one was looking down at the face of a prostrate giant was nearly perfect. In the remote distance we could see the peaks of the weird Hoodoo range of mountains, too far away to discern clearly. The name was given, I understand, because of the peculiar shapes into which many of the rocks and bluffs thereabouts had been wrought by the erosive action of frost and water. Colonel Norris, who made explorations in this region in 1880, says: "Nearly every form, animate or inanimate, real or chimerical, ever actually seen or conjured by the imagination, may be here observed. Language does not suffice to properly describe these peculiar formations. Sketches may probably do something, and photographs more, to convey a conception of their remarkable character, but actual observation is absolutely necessary to adequately impress the mind with the wild, unearthly appearance of these eroded Hoodoos of the Goblin Land." Late in the evening the men of the party took a bath in the lake. The water was cold, wholly unlike the water near the spring region. As we splashed around to keep ourselves warm, we could look to the east and see the moon rising majestically above the distant Hoodoo mountains. Its pale light reflecting from millions of tiny wavelets, made us almost...
