IS ANYBODY LISTENING? Freedom is one of the first values pressed into service by Left propagandists seeking to oppress others. In the age of spin, " such issues as abortion, same-sex marriage and the driving forces of socialism must be dressed up to look like liberation. This book exposes what the Left is doing to sell their agenda in the name of freedom. The hidden enemy of our society is as well hidden as yeast in bread. Yeast is, in fact, an apt analogy of atheism in America. But yeast raises many varieties of loaves, and the ideology of atheism rooted in the Left gives life, form and spirit to many anti-American movements and causes. As traditional values are attacked, all kinds of destructive moral, cultural, and political consequences follow. This book will examine those consequences and uncover the motives and deceptions of the Left on the American people."
