Practical Neuroophthalmology

Timothy Martin, James Corbett

Practical Neuroophthalmology Timothy Martin, James Corbett

AN ENGAGING, CLINICALLY ORIENTED TEXT THAT SPANS THE FULL SPECTRUM OF NEUROOPHTHALMOLOGY

Practical Neuroophthalmology covers the basic principles and major conditions of neuroophthalmology in a concise, user-friendly manner. Rather than merely presenting a catalog of facts, the authors enrich the text by describing how complex neuroophthalmic signs and symptoms are often a logical consequence of anatomy and pathophysiology. With its comprehensive coverage and neuroanatomic approach, *Practical Neuroophthalmology* is both an outstanding clinical resource and a valuable board review tool.

Features

- Discussion of anatomy in the context of disease states--making the consequence of disease more readily understood
- Combined illustrations and tables present complex information in an easy-to-follow manner
- Original clinical case studies--optic disc photographs, visual fields, clinical course, and other data from an illustrative case are presented together to give you a visual summary of the disease
- Photographic surveys of disease manifestations--clinical photographs from different patients with the same disease demonstrate the full spectrum of disease presentation
- Tables and boxes devoted to differential diagnosis--important clinical decision-making information is synthesized and reinforced in a convenient outline form
- Key points summarized at the end of each chapter
- Suggested readings at the end of each chapter

From reader reviews:

Timothy Patrick:

Book is actually written, printed, or created for everything. You can learn everything you want by a publication. Book has a different type. As we know that book is important issue to bring us around the world. Beside that you can your reading proficiency was fluently. A reserve Practical Neuroophthalmology will make you to possibly be smarter. You can feel more confidence if you can know about every thing. But some of you think which open or reading a book make you bored. It's not make you fun. Why they could be thought like that? Have you looking for best book or ideal book with you?

Virginia Swain:

What do you consider book? It is just for students because they are still students or the item for all people in the world, exactly what the best subject for that? Simply you can be answered for that problem above. Every person has various personality and hobby for each other. Don't to be pushed someone or something that they don't desire do that. You must know how great and important the book Practical Neuroophthalmology. All type of book is it possible to see on many solutions. You can look for the internet resources or other social media.

Allison Walters:

As a pupil exactly feel bored to be able to reading. If their teacher requested them to go to the library or even make summary for some book, they are complained. Just tiny students that has reading's heart and soul or real their leisure activity. They just do what the instructor want, like asked to the library. They go to there but nothing reading seriously. Any students feel that looking at is not important, boring and can't see colorful pics on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Practical Neuroophthalmology can make you feel more interested to read.

Allen Lutz:

Reading a publication make you to get more knowledge from the jawhorse. You can take knowledge and information originating from a book. Book is created or printed or created from each source that filled update of news. In this particular modern era like today, many ways to get information are available for a person. From media social like newspaper, magazines, science reserve, encyclopedia, reference book, fresh and comic. You can add your knowledge by that book. Are you ready to spend your spare time to spread out your book? Or just in search of the Practical Neuroophthalmology when you required it?
