Providing a comprehensive overview of the study of gender in South Asia, this Handbook covers the central contributions that have defined this area and captures innovative and emerging paradigms that are shaping the future of the field. It offers a wide range of disciplinary and interdisciplinary perspectives spanning both the humanities and social sciences, focussing on India, Pakistan, Bangladesh and Sri Lanka.

- Historical formations of gender and the significance of colonialism and nationalism
- Law, Citizenship and the Nation
- Representations of Culture, Place, Identity

- Inequality, Activism and the State
