Upload the tracks to your portable music player for practice, performances, auditions, parties, or even singing for fun in the car! There are two versions of every song on the CDs: a full-performance track with sound-alike vocals for listening and learning, and a professional-quality backing track for singing along. When the CDs are played on a Mac or Windows-based computer, the TNT (Tone 'N' Tempo) Changer lets you customize the key and tempo of each track to suit your voice and style. (The key changer modifies audio playback via computer only. The sheet music remains in its original key.)
