## **The Galtronics Story:** William Goheen

Can you imagine millions of acres of grain ripened for the harvest with thousands of laborers seeking to gather in the crop by hand? What would happen if a large shipment of combines were suddenly delivered? We know the grain ripe unto harvest represents those in several thousand people, ethnic, and language groups who have not yet heard the Gospel message. But what if those combines were businesses that could be used as vehicles and platforms for building relationships? Galtronics is one such business and its story will both encourage and enlighten you as to how a man and a woman turned an idea into a global business for the express purpose of sharing the Gospel of Jesus Christ. We hope by the time you finish reading this book you will better understand the potential of using your profession and/or business as a great combine to bring in the harvest.
