Ellen G. Horovitz

Digital Image Transfer: Creating Art with Your Photography Ellen G. Horovitz

Ellen G. Horovitz, an inspiring artist and teacher, guides readers through imaginative photo projects that transform cherished analog and digital images into works of art. Horovitz expands on traditional photo transfer, taking it to an entirely new level using digital software techniques and a wide array of innovative materials and methods, including cocoa powder, Citrasolve, copper, and packing tape. Starting with traditional photos, digital files, and instant photo emulsions, Horovitz fashions 2D and 3D art pieces, showing readers how to use conventional processes and new exploratory techniques—even left-over materials—in the creation of meaningful photo art.
