The Islamophobia Industry is a disturbing account of the rising tide of Islamophobia sweeping through the United States and Europe.

Nathan Lean takes us through a world of conservative bloggers, right-wing talk show hosts, evangelical religious leaders and politicians, all united in their quest to exhume the ghosts of 9/11 and convince their compatriots that Islam is the enemy. Lean uncovers their scare tactics, reveals their motives and exposes the ideologies that drive their propaganda machine.

Situating Islamophobia within a long history of national and international phobias, The Islamophobia Industry challenges the narrative of fear that has for too long dominated discussions about Muslims and Islam.
