Robert Sullivan

The Meadowlands: Wilderness Adventures at the Edge of a City Robert Sullivan

Imagine a grunge north Jersey version of John McPhee's classic **The Pine Barrens** and you'll get some idea of the idiosyncratic, fact-filled, and highly original work that is Robert Sullivan's **The Meadowlands**. Just five miles west of New York City, this vilified, half-developed, half-untamed, much dumped-on, and sometimes odiferous tract of swampland is home to rare birds and missing bodies, tranquil marshes and a major sports arena, burning garbage dumps and corporate headquarters, the remains of the original Penn Station--and maybe, just ,maybe, of the late Jimmy Hoffa. Robert Sullivan proves himself to be this fragile yet amazingly resilient region's perfect explorer, historian, archaeologist, and comic bard.
