Helping Them Heal: How Teachers Can Support Young Children Who Experience Stress and Trauma

Karen L. Peterson PhD

From family instability and poverty to rapid social and technological changes, children endure more stressors than ever before. A young child's brain is uniquely sensitive to the effects of stress and trauma, which can have detrimental, long-term developmental impact. *Helping Them Heal* explains how trauma affects the developing brain, how those changes can manifest in the classroom, and what teachers, and caregivers can do to help a stressed, abused, or neglected child. *Helping them Heal* provides early childhood educators with answers, ideas, and specific classroom strategies to move trauma-affected children in positive directions. Early childhood educators will learn ways to help children build resilience, self-regulation, and self-competence using this sensitive, supportive, and practical guide.
