This rich resource for the imagination is divided into ten chapters devoted to color, composition, setting, and other specific elements of interior style. A double-page spread reveals the most spectacular space in each home, followed by a list of key concepts, numbered close-ups that highlight aspects of the design, and expert write-ups to explain how each element serves the design as a whole. With practical design ingredients, advice, and ideas throughout—from materials to furniture design, texture, pattern, and light—*Interiors in Detail* is an essential sourcebook for anyone seeking inspiration for his or her own space. No matter their tastes and aspirations, readers will find a style to catch the eye and engage the creative mind.
