Star Trek: Seekers: Second Nature (Star Trek Seekers Book 1) David Mack

An all-new *Star Trek* series begins!

A new mission: The late twenty-third century—Starfleet’s golden age of exploration. Desperate to stay one step ahead of its rivals, the Federation sends two starships, the scout *Sagittarius* and the cruiser *Endeavour*, to plumb the secrets of the vast region known as the Taurus Reach.

A doomed race: Drawn by mysterious energy readings to a lush green world, the crew of the *Sagittarius* find the Tomol: a species whose members all commit ritual suicide just as they reach the cusp of adulthood.

An old foe: The crew of the *Sagittarius* wants to save the Tomol from their cycle of self-destruction, but first they’ll need to save themselves—from the most nefarious Klingon starship commander in history.
