## **Dreams** Derrick Jensen

Jensen's furthest-reaching book yet, *Dreams* challenges the "destructive nihilism" of writers like Richard Dawkins and Sam Harris who believe that there is no reality outside what can be measured using the tools of science. He introduces the mythologies of ancient cultures and modern indigenous peoples as evidence of alternative ways of understanding reality, informed by thinkers such as American Indian writer Jack Forbes, theologian and American Indian rights activist Vine Deloria, Shaman Martin Prechtel, Dakota activist and scholar Waziyatawin, and Okanagan Indian writer Jeannette Armstrong. He draws on the wisdom of Dr. Paul Stamets, author of *Mycelium Running: How Mushrooms Can Help Save the World*, sociologist Stanley Aronowitz, who discusses science's lack of accountability to the earth, and many more. As in his other books, Jensen draws heavily from his own life experience living alongside the frogs, redwoods, snails, birds and bears of the upper northwest, about which he writes with exquisite tenderness. Having taken on the daunting task of understanding one's dreams as a source of knowledge, Jensen achieves the near-impossible in this breathtakingly brave and ambitious new work.

#### **Alice Smith:**

Do you like reading a book? Confuse to looking for your favorite book? Or your book was rare? Why so many question for the book? But virtually any people feel that they enjoy intended for reading. Some people likes reading through, not only science book but in addition novel and Dreams or maybe others sources were given understanding for you. After you know how the good a book, you feel wish to read more and more. Science publication was created for teacher as well as students especially. Those publications are helping them to increase their knowledge. In various other case, beside science reserve, any other book likes Dreams to make your spare time more colorful. Many types of book like this.

#### **Marvin Boyer:**

As a university student exactly feel bored to reading. If their teacher inquired them to go to the library in order to make summary for some book, they are complained. Just minor students that has reading's heart or real their pastime. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that looking at is not important, boring and also can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Dreams can make you feel more interested to read.
