Israel, you are still the chosen people of God: A message of love and hope to the Jewish people Joe Cienkowski

Israel itself is proof of God's conception arrangement and guidance, as no other people in the history of the world can be compared to the Jewish people. With the rising Islamicization of Egypt and Turkey, Iran very close to acquiring a nuclear weapon, and terror groups, like Hezbollah and Hamas, building larger stockpiles of missiles, the friendship of the US has never been more important. Israel is our friend and has every right to secure and recognized borders, which include Judea and Samaria. We should not leave our friend, Israel, hanging in the wind! America should support and be in lockstep with Israel. It's no coincidence Israel became a nation again in 1948. The author lavishes tender words of kindness and consolation are lavished on God's chosen people. He promises to "carry the torch" in never letting people forget about the Holocaust. God brought them back as a nation to show his glory to the nations through Israel after their return. The author brings a message of love, hope and encouragement to the Jewish people. See why Jerusalem should remain the undivided capital why Israel can never go back to the borders before the six Day war in 1967. The book strikes an alarming tone and wake-up call dealing radical Islam and its threat to Israel, the United States and the world. The author reminds the reader how America and Israel have a unique bond through our common values, love for freedom, and love for the God of Abraham, Isaac and Jacob. America must stand solidly with Israel. We must let the world know that Israel is our friend and we will protect her. Israel could be in great peril if the world doesn't pay attention. It's important that the average American understands this. The author delineates the clear history of Israel, and how it was the same land promised Abraham 4000 years ago. The history of Israel is the history of mankind. Nobody can deny that Israel has the right to their homeland. Israel is a good decent people, and in the words of their Prime Minister "Israel isn't what's wrong with the Middle East. Israel is what's right"
