Selected Writings of Judith Sargent Murray (Women Writers in English 1350-1850) Judith Sargent Murray

As a novelist, essayist, dramatist, and poet, Judith Sargent Murray candidly and often humorously asserted her opinions about the social and political conditions of women in late eighteenth-century America. As a committed feminist, she urged American women to enter a "new era in female history," yet published some of her own writings under a man's name in hopes of more widely disseminating her ideas. In addition to her literary endeavors Murray was a prolific letter-writer, and revealed in her correspondence, as elsewhere, her unwavering commitment to human rights. Also during this period, Murray produced numerous sketches of celebrated female contemporaries and her major work, *The Gleaner*.

With selections from *The Gleaner* and Murray's other publications, this latest addition to the *Women Writers in English* series unearths an important early feminist voice, one that should engage the intellect and imagination of readers both inside and outside the academy.
