Castle: A Three-Dimensional Interactive Adventure Duncan Crosbie, Keith Finch

What was it like to live in a medieval castle? This unique book, perfect for reluctant readers and aspiring architects, shows you.

For any child who has wondered what life was like in a real medieval castle, this book introduces an architectural marvel through pop-ups, hidden panels, and the helpful commentary of a castle ghost. Every aspect of existence in a castle—from how it was built, to how it was defended from attackers, to what people ate and how they lived—is illustrated and explained in this uniquely designed story.

Oversize and chock full of facts, this book makes an excellent addition to a pop-up book collection and is ideal for gift giving and as a starting point for future research.

Praise for *The Castle*:

“Too many graphic novel adaptations of classic literature just break down the stories into digestible panels; this is a powerful interpretation of Kafka’s timeless themes.” —*Publishers Weekly*

Kenny Hardy:

Does one one of the book lovers? If yes, do you ever feeling doubt if you are in the book store? Make an effort to pick one book that you find out the inside because don't ascertain book by its deal with may doesn't work the following is difficult job because you are scared that the inside maybe not seeing that fantastic as in the outside look likes. Maybe you answer could be Castle: A Three-Dimensional Interactive Adventure why because the amazing cover that make you consider in regards to the content will not disappoint anyone. The inside or content is definitely fantastic as the outside as well as cover. Your reading sixth sense will directly guide you to pick up this book.

Veronica Lopez:

As a university student exactly feel bored in order to reading. If their teacher requested them to go to the library or to make summary for some e-book, they are complained. Just small students that has reading's heart and soul or real their hobby. They just do what the professor want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that reading through is not important, boring and also can't see colorful photographs on there. Yeah, it is being complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Castle: A Three-Dimensional Interactive Adventure can make you truly feel more interested to read.
